

# ORDERING SMARTPAKS

---

1. Go to **www.smartpak.com**
2. Create an account - you will be asked as part of your profile to select a barn for free barn shipping. To look up D&D, look up the barn name as D & D (spaces between the "D"s and the "&") in Sylmar, CA. *\*\* Be sure and enter your USEF membership number if you have one! SmartPak routinely offers 5% discount for members.\*\**
3. Click on the "**MY SMARTPAKS**" link at the top left.
4. To start, first click "Add Horse" and enter your horse's name and any other information you would like in their profile.
5. Then you can start adding the supplements in the "Search for supplement" bar. We recommend the following:
  - SmartLytes (Maintenance dose) - get the powder, not the pellets
  - Absorbine Flex + Max (Maintenance dose)
  - Omega Horseshine (Maintenance dose)
6. After you have added your supplements, you can finish and check out. Once you set these up with your credit card, they will ship automatically to the barn every month and you don't have to think about it anymore!
